Waiting List:

As of 7/1/2015

Standard T-Hangar

1. Brian Wendt
2. David Hogan
3. Jim Connell

Airport Update

June 2015

Visit the Airport!

A public airport is just what it says... public! As part of the outreach program, the monthly grill out events have already brought thousands of people to the airport, many of whom had no idea Independence had an airport, much less so many services!

With the increase in activity around the airport more people are becoming aware of the various activities, resulting in more people wanting to just 'come out and visit'.

When visiting the airport, we encourage the public to stop in to the main terminal building during normal business hours to meet the manager and staff. We offer tours for individuals and groups of both the airport grounds and Walter Aviation's facilities. The TSA has strict guidelines for security measures which includes a perimeter fence, but our goal in the future is to dedicate a public viewing area to allow more people the chance to enjoy the airport with their family and friends.

For information on the airport, or to schedule a tour, please call the main office at (319) 334-4000, or just stop out and say 'hi'!

- **Airport Layout Plan / Master Plan** - Final Airport Layout Plan (ALP) and Master Plan documents have been submitted for final FAA approval.
- **Snow Removal Equipment Building (S.R.E.)** - Funds have been release, and construction meetings shall start next month, with hopes of breaking ground in July.

Upcoming:

- Self Serve Fuel Facility

Completed:

- Minimum Standards & G.A. Operator Permit Application
- Land Lease Options
- Old Farm Buildings

FBO Update:

Air Cargo Coming To Independence

Walter Aviation has received approval from the FAA to conduct air cargo operations. This will allow local manufacturers the ability to ship and receive critical components and products right to their home town with

Forward to Friend

efficiency. With more access to a national market, Walter Aviation hopes to promote industry growth in Northeast Iowa.
