8. Dan Bergen
9. Dan Whealy
10. Tim Hilby

Large T-Hangar

1. ChemAir Inc.
2. Craig Schutte

Airport Update

February 2015

Manager Update

The plans for land lease packages are coming together. A public input session was held last month, as well as the regular committee meeting, to discuss the lease options in order to come up with the most viable product for the Independence Airport. The FAA is currently reviewing the lease to ensure grant assurance compliance, and once completed, the plans and specifications shall also be developed for the lot areas. Once approved by the City Council, the lease and lot specifications shall be available for immediate lease and development, in hopes of making use of the summer building season.

This plan shall also be subject to the final approval of the FAA, who are currently still in the final process of approving the Airport Master Plan.

Jonathan Walter

Airport Manager

Project Updates

Current:

- **Airport Layout Plan / Master Plan - Final**

3. Todd Summers
4. Leon Bachman
5. _____

Facility Updates

New compressed air system now available for airside public use on the South side of Hangar #1. The system has a 50' hose allowing pilots to service their tires and struts 24/7, free of charge. Walter Aviation will be installing signage soon.

Airport Layout Plan (ALP) and Master Plan documents have been submitted for final FAA approval. FAA has notified that they expect the plans to be approved by mid March.

- **Old Farm Buildings** - All of the old concrete has been removed, and the remaining dirt work shall be done this spring once the ground thaws.
- **Snow Removal Equipment Building (S.R.E.)** - The S.R.E. building has been release for bids, with a due date in March. Construction is scheduled to begin in July 2015.

Upcoming:

- Land Lease Options are being developed to allow private entities to build private hangars on leased land from the City. Currently there are 4 parties interested in pursuing this option.

Completed:

- Minimum Standards & G.A. Operator Permit Application

Walter Aviation Event Calendar

Walter Aviation will be hosting a series of free events from Spring to Fall this year. Every event is free to attend, and open to the public. Please see the link below to get a full schedule of events.
