

All ATV's / UTV's are required to have a DNR registration, Licensed driver, Proof of Insurance, 16 and 17 year olds require a DNR ATV safety certificate in their possession. No double riding unless the machine was designed by the manufacturer such as a two up or side by side. Operation only allowed between sunrise and sunset. Obey posted speed limits **not to exceed 35 mph**. Do not drive on Hwy 150 which goes through the city. The route crossings are at 2nd St. SW/E, 11th St NW/E., & Enterprise Dr. (Walmart / South Casey's). Violations will be treated like automobiles and will affect your driving record. Local residents have street access to get to the routes; please do not just drive around the streets as you could be cited. The intent is for residents to be able to ride from their home out to the gravel roads of Buchanan County and for riders to be able to travel through Independence from North to South and East to West as there are the Wapsipinicon River and State Hwy 150 issues. Access is allowed to the businesses. Heartland Acres Agribition Center is a designated Trail Head to unload for trail access to Buchanan County. Please remember: this is a **privilege** to have this access of Independence, so please do not abuse it or we could lose it.

All ATV/UTV routes will be marked with an ATV/UTV route sign. If **only** marked with an arrow it will be a snowmobile route and ATV/UTV's are not allowed on these. A citation could be issued if on unauthorized trails.
